

LEGISLATIVE GUIDELINES

DIVERSITY AND INCLUSION

Chamber Supports:

- Policy that advances diversity, equity, and inclusion in business.
- Removing barriers that stand between people and opportunity.
- Policy that enables diverse entrepreneurs to equally participate in the free enterprise system.
- Promoting diversity across all levels of business.

Chamber Opposes:

- Legislation or policies that support or promote, or appear to support or promote, discriminatory practices.

ECONOMIC DEVELOPMENT

Chamber Supports:

- A well-funded, cohesive, and aggressive economic development effort.
- A regulatory climate that is balanced, consistent, and predictable, thus incentivizing business growth.
- Meaningful programs, initiatives, and tax incentives that are inclusive of rural Colorado.
- Meaningful initiatives and efforts that assist in creating a skilled labor force, including allocation of adequate training dollars to enable local post-secondary educational institutions to meet the needs of business.
- Efforts to promote Colorado as a tourism destination, and funding for tourism promotion.
- Streamlining of all business permitting and reporting processes.
- Enhanced state incentives for distressed counties including Enterprise Zones and other tools.
- A balanced economic development approach that acknowledges the value of all commercial segments of our economy. This includes but is not limited to: technology development, energy, tourism, foreign trade, and small business.

EDUCATION & WORKFORCE DEVELOPMENT

Chamber Supports:

- Adequate funding for K-12 and post-secondary education
- Work based learning opportunities and greater emphasis on career exploration at all levels
- Local control of our school districts and limitations of state and federal regulations and controls.
- K-12 education that protects individual choice and innovation in public and private schools.
- An evaluation system for educators that will advance and reward quality teachers and administrators, thus leading to increased student learning.
- Efforts to incentivize local students to pursue post-secondary education options locally
- The continued expansion of academic programs at every level at Colorado Mesa University and Western Colorado Community College designed to meet market demands and enhance the quality of the local workforce.

EDUCATION & WORKFORCE DEVELOPMENT

- Measures that ensure that higher education is affordable and accessible to Colorado residents, particularly residents of Western Colorado.
- Recognizing Western Colorado Community College within the state's annual funding formula in order to reduce tuition for career and technical programs in Mesa County.
- Ensuring that students enrolled throughout Western Colorado have comparable state financial support as they pursue postsecondary degrees.
- Measures designed to provide maximum flexibility and reduced bureaucratic regulations and unnecessary oversight for institutions like Colorado Mesa University.

EMPLOYMENT

Chamber Supports:

- Efforts to reduce the unnecessary administrative and regulatory burden placed on companies, particularly small companies, including mandated requirements for leave, hiring, and reporting.
- Any legislation to remove ambiguity or add clarity to unemployment insurance statutes
- Creating a clear definition and requirements for independent contractor relationships.
- Having a workers' compensation insurance entity that is an insurer of last resort and ensures policy holder's premiums are protected.
- Graduated reductions on unemployment benefit extensions that would not exceed the current term of benefits (26 weeks).

ENERGY

Chamber Supports:

- An all of the above approach to developing affordable energy resources needed for the future by the citizens of the United States and its allies.
- Integrating Western Colorado's natural gas resources into the global market place.
- The responsible development of all of Colorado's energy resources using the best available technology, including hydraulic fracturing.
- A policy of distributing severance taxes and mineral lease payments that gives priority to communities impacted by energy development.
- Recognizing the rights of both surface and subsurface owners in the regulatory and legislative environments.
- Market-based incentives and educational efforts that motivate businesses to utilize conventional conservation practices.
- A market-based approach that allows local energy producers access to new markets including emerging overseas opportunities.
- The development of a Colorado emissions plan that recognizes the unique and diverse nature of the state.

2021

ENERGY (continued)

Chamber Supports:

- The implementation of the Commercial Property Accessed Clean Energy (C-PACE) in Mesa County.

GOOD GOVERNMENT

Chamber Supports:

- Preservation of the constitutional powers between the three branches of state and federal government.
- Accountability, transparency and processes that encourage public participation from all areas of the State of Colorado in promulgating rules and regulations.

HEALTHCARE

Chamber Supports:

- Healthcare reform legislation and regulation that promotes greater affordability, community collaboration, and a high level of access to care.
- Efforts and initiatives that emphasize healthy lifestyles including personal responsibility for lifestyle choices and encourage preventive medical care, health education awareness, early screening and detection, and disease management.
- Transparency in all areas of health care regarding costs.
- Addressing the cost shift to the private sector, with government providing adequate funding for governmental health insurance programs.
- Addressing the cost shift within the private sector due to uncompensated care by requiring all individuals who can afford it to have some form of health coverage.
- Expanding and implementing measures aimed at maximizing effectiveness of the State's Medicaid program.
- The employer's ability to provide health benefits which best meet the needs of the business and its employees.
- Initiatives and programs aimed at giving consumers more control and responsibility over the dollars spent on their care -- i.e. tax-advantaged health savings accounts (HSAs).
- Tax credits or incentives for individuals and small businesses to help offset the cost of health insurance.
- 10. Greater flexibility for businesses to band together to address employee health needs and portability of coverage for employees and their families.
- Innovation and options for business and consumers without discrimination or penalization.
- Initiatives that encourage competition and free market principles without imposing artificial caps or limits.

IMMAGRATION

Chamber Supports:

- Federal legislation to address immigration.
- Measures that will ensure the Nation's borders are secure.
- Expansion and streamlining of the guest worker program.
- A user-friendly model for easy verification of employee status with provisions proposed by legislation in place to hold the employer harmless in case of errors and omissions.

TAXATION

Chamber Supports:

- The provision of the Taxpayer Bill of Rights that require local governments to ask voters for tax increases and seek to limit the growth of government.
- Efforts to resolve the Constitutional conflicts created by the interaction of TABOR, Gallagher and Amendment 23.
- Individual tax policies that have a beneficial outcome on Colorado's economic stability and development and make Colorado more competitive.
- A competitive corporate income tax structure.
- Efforts to Simplify the State Sales and Use Tax Process
- Ensuring a level playing field between brick and mortar stores and e-commerce by taxing online purchases to support the services of local and state government in a way that doesn't place an undue burden on small businesses.

TRANSPORTATION

Chamber Supports:

- 1A statewide approach to highway funding and recognizing the importance of all Colorado roads to all citizens.
- CDOT bonding against future revenues to maximize highway improvements but only to the extent that a dedicated funding source is identified to service the debt created does not negatively impact dollars for maintenance.
- Making transportation funding a priority at all levels of government.
- Efforts to expand and retain general and commercial air service into Grand Junction.
- Efforts and initiatives to address mobility issues along the I-70 transportation corridor through the state with particular focus on access for western slope citizens.
- The use of local contractors and subcontractors in line with local government guidelines for all projects.
- Efforts to increase access to rail for local businesses including adding capabilities to load and unload freight.

WATER

Chamber Supports:

- Local water conservation efforts.
- Local and State planning processes that incorporate the concerns, comments and needs of irrigation and domestic water providers on the Western Slope.
- Preservation of Colorado's water entitlements under interstate compacts and the protection of the state's prior appropriation doctrine.
- The concept that no local entity should be forced to relinquish water sources for endangered species without adequate mitigation and compensation.
- That any reallocation must satisfactorily address concerns brought forward by the basin of origin.
- The implementation of the Commercial Property Accessed Clean Energy (C-PACE) in Mesa County.
